

Name: Amelia James

Hall: Richardson Road with Maris House

Position applied for:

President

Manifesto:

I'm organised, efficient and resourceful. I enjoy positions of responsibility and thrive under pressure. I would say my best qualities are my communication skills; having previously been Head Girl, Sports Captain and a representative for the United Kingdom in NY for the United Nations. I would say I'm very grounded and approachable and within my halls I am very social and respected. I have flourished off the university experience and living in Halls and hope this opportunity will only heighten my experience and enable me to make new friends and improve my confidence.
