

Name: Sujith Kumar Anand

Hall: Henderson Hall

Position applied for:

Campaign Rep

Manifesto:

I have been in College Accommodation for 3 years in my under-graduation as one of the members of the hostel-student committee for 2 years and head for 1 year. During that I have faced all sorts of problems to happy situation. Even though Henderson hall has all the facilities and the maximum students living only few people turn up for social activities in Henderson hall bar and the events organized by students union. With proper campaigning and publicity given for social activities and the student union activities it will turn out to be huge success. I have already done campaigning in hall regarding Newcastle university student switch off (like uploading pictures on facebook on how to minimize electricity with my hall mates and etc). I have also been involved in student social committee group discussing social activities for future days in Henderson Hall. With my previous experience and my current knowledge I would like to improve the campaigning tactics in Henderson hall given the opportunity.
