2020 WELCOME TO THE STUDENT REP AWARDS

Sara Elkhawad
Welfare and Equality Officer 19/20

Karina Sorrels
Postgraduate Officer 19/20

It's been a really difficult month and a half because of the pandemic, with all of us moving to home working and many students being away from their loved ones and hobbies that they normally pursue. But it's so important not to forget all the achievements of our amazing student body here at Newcastle University, and the valuable contributions of students to both the city of Newcastle and the culture on University campus. Some students are even managing to carry out society activities or representation work digitally during lockdown, and this is really impressive.

We (Karina and Sara) would like to thank everyone who has dedicated endless time and energy to making a difference to other students and members of the community lives across the 19/20 academic year. For The Student Rep Awards, we received over 100 nominations for some incredible students who deserve to be recognised for the hard work they have put in to representation activities across the year. We are very grateful to all those who have submitted nominations and we can't wait to announce this year's winners at our virtual celebration on the 12th of May. Best of luck to the amazing people who have been shortlisted for awards!
